NOTICE OF PRIVACY PRACTICES

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE READ IT CAREFULLY.

The Health Insurance Portability & Accountability Act of 1996 (HIPAA) is a Federal program that requires that all medical records and other individually identifiable health information used or disclosed by me in any form, whether electronically, on paper, or orally are kept properly confidential. HIPAA gives you, the patient, the right to understand and control how your personal health information (PHI) is used. HIPAA provides penalties for covered entities that misuse personal health information.

As required by HIPAA, I prepared this explanation of how I am to maintain the privacy of your health information and how I may disclose your personal information.

I may use and disclose your medical records only for the following purposes: treatment, payment, and health care operation.

- Treatment means providing, coordinating, or managing healthcare and related services by one or more healthcare providers. An example of this is if you are referred to a therapist or to another psychiatrist for a second opinion.
- Payment means such activities as obtaining reimbursement for services, confirming coverage, billing or collections activities, and utilization review. An example of this would include sending your account to collections for non-payment.
- Health Care Operations include the business aspects of running my practice, such as conducting quality assessments and improving activities, auditing functions, cost management analysis, and customer service. An example of this would be patient survey cards.
- The practice may also be required or permitted to disclose your PHI for law enforcement or other legitimate reasons. In all situations, I shall do my best to assure its continued confidentiality to the extent possible.

I may also create and distribute de-identified health information by removing all reference to individually identifiable information.

I may contact you, by phone or in writing, to provide appointment reminders or information about treatment alternatives or other health-related benefits and services, in addition to other fundraising communications, that may be of interest to you. You do have the right to "opt out" with respect to receiving fundraising communications from me.

The following use and disclosures of PHI will only be made pursuant to my receiving a written authorization from you:

- Most uses and disclosure of psychotherapy notes (these are not part of your medical record under HIPAA);

- Uses and disclosure of your PHI for marketing purposes, including subsidized treatment and health care operations;
- Disclosures that constitute a sale of PHI under HIPAA; and
- Other uses and disclosures not described in this notice.

You may revoke such authorization in writing, and I am required to honor and abide by that written request, except to the extent that I have already taken actions relying on your prior authorization.

You may have the following rights with respect to your PHI.

- The right to request restrictions on certain uses and disclosures of PHI, including those related to disclosures of family members, other relatives, close personal friends, or any other person identified by you. I am, however, not required to honor a request restriction except in limited circumstances which I shall explain if you ask. If I do agree to the restriction, I must abide by it unless you agree in writing to remove it.
- The right to reasonable requests to receive confidential communications of Protected Health Information by alternative means or at alternative locations.
- The right to inspect and copy your PHI.
- The right to amend your PHI.
- The right to receive an accounting of disclosures of your PHI.
- The right to obtain a paper copy of this notice from me upon request.
- The right to be advised if your unprotected PHI is intentionally or unintentionally disclosed.

If you have paid for services "out of pocket", in full and in advance, and you request that I not disclose PHI related solely to those services to a health plan, I will accommodate your request, except where I am required by law to make a disclosure.

I am required by law to maintain the privacy of your Protected Health Information and to provide you the notice of my legal duties and my privacy practice with respect to PHI.

This notice is effective as of 6/16/2020 and it is my intention to abide by the terms of the Notice of Privacy Practices and HIPAA Regulations currently in effect. I reserve the right to change the terms of my Notice of Privacy Practice and to make the new notice provision effective for all PHI that I maintain. I will post and you may request a written copy of the revised Notice of Privacy Practice from my office.

You have recourse if you feel that your protections have been violated by my office. You have the right to file a formal, written complaint with my office and with the Department of Health and Human Services, Office of Civil Rights. I will not retaliate against you for filing a complaint.
